## FLOOD HAZARD STATEMENT

The accuracy of any flood hazard data shown on this report is subject to map scale uncertainty and to any other uncertainty in location or elevation on the referenced Flood Insurance Rate Map. The surveyed tract plots by scale on Map Number 18183C0145C of the Flood Insurance Rate Maps (Panel Not Printed) for Whitley County, Indiana, dated May 4, 2015. The above described map indicates "No Special Flood Hazard Areas".

## THEORY OF LOCATION

This is an original boundary survey of part of the Southwest Quarter of Section 8, Township 31 North, Range 9 East, Whitley County, Indiana, located at 2767 W Old Trail Road, Columbia City, Indiana. The surveyed tract is part of a larger tract of land recorded as Parcel I in Document Number 2009120313 in the records of Whitley County, Indiana, and was created as directed by a representative of the owner.

Multiple GPS observations utilizing a WGS84 signal and a local coordinate grid were utilized this survey.

The Southeast corner of said Southwest Quarter is county referenced. A rail iron post was found at this corner and was held this survey.

The Southwest corner of said Southwest Quarter is not county referenced. An iron pin was found acquiescing the position of the Southwest corner of said Southwest Quarter. It was apparent that the iron pin had been accepted for a substantial number of years and was the best available evidence in perpetuating the corner location. Said iron pin was held this survey.

The centerline of Old Trail Road was established by existing monuments found and recorded distances and bearings.

A Northeast corner and Northwest corner of the surveyed tract were established on the centerline of Old Trail Road as directed by a representative of the owner. A Mag nail was set at these Two (2) corners.

The other Fifteen (15) corners of the surveyed tract were established as directed by a representative of the owner. A 5/8-inch iron pin capped "Walker" was set at each of these corners.

See survey for other monuments found near the surveyed tract.

See survey for monuments found that are referenced.

## SURVEYOR'S REPORT

In accordance with the Title 865 IAC 1-12 "Rule 12" of the Indiana Administrative Code, the following observations and opinions are submitted regarding the various uncertainties of the location of the lines and corners established on this survey as a result of:

### (A) Availability and condition of referenced monuments.

See comments above concerning monuments set or found and held this survey. The monuments found are in good condition unless otherwise noted. Certain monuments are referenced as shown.

### (B) Occupation or possession lines.

None

### (C) Clarity or ambiguity of the record description used and of adjoining descriptions and the relationship of the lines of the subject tract with adjoining lines.

None

### (D) The relative positional accuracy of the measurements.

The Relative Positional Accuracy (due to random errors in measurements) of the corners of the subject tract established by this survey is within the specifications for Suburban surveys: 0.13 feet (40 millimeters) plus 100 parts per million as defined by IAC 865.

## NOTES

- This survey is subject to any facts and/or easement that may be disclosed by a full and accurate title search. The undersigned should be notified of any additions or revision that are required. The undersigned was not provided with a current title commitment for use on this survey.
- For monuments found and set, see survey. All pins set are #5 Rebars with caps marked "Walker".
- Origin of monuments unknown unless noted on survey.
- Measurements of this survey are based on aforesaid G.P.S. and/or E.T.S. traverse measurements.
- Ownership research of the subject tract, and adjoining tracts, was obtained from current tax records on file in the Offices of the county Auditor and Recorder.
- The Whitley County Surveyor's Legal Drain Map shows a legal tile drain near the West lines and running through the surveyed tract. Per Indiana Code 36-9-27 legal tile drains have 75-foot wide drainage easements on each side of the tile. The approximate location of the legal tile drain is as shown on this survey. Prior to any construction of a permanent structure near the legal drain easement, the location of the centerline of the tile should be verified by the Whitley County Surveyor.
- Reference survey(s) by J.K. Walker & Associates, P.C., dated 03-20-89, 01-19-99, 12-13-01, 12-14-01, 03-09-04, 06-06-06, 10-10-06, 01-21-13.

This subdivision shall be known and designated as LARKIN'S RIDGE, a subdivision in Whitley County, Indiana. All rights-of-way of public roads, streets, and alleys shown and not heretofore dedicated, are hereby dedicated to the public. Front yard building setback lines are hereby established as shown on this plat, between which lines and the property lines of the street, there shall be erected or maintained no building or structure, except as in conformance with the requirements of the Whitley County Zoning Ordinance.

A perpetual easement is hereby granted to any private or public utility or municipal department, their successors and assigns, within the area shown on the plat and marked "Utility Easement" to install, lay, construct, renew, operate, maintain and remove conduits, cables, pipes, poles and wires, overhead and underground, with all necessary braces, guys, anchors and other equipment for the purpose of serving the subdivision or adjoining property with telecommunication, electric, gas, sewer, and water service as a part of the respective utility systems, and the right is hereby granted to enter upon the lots at all times for all of the purposes aforesaid.

The owners of land over which a Regulated Drain Easement right-of-way runs may use the land in any manner consistent with Indiana Code 36-9-27 and the proper operation of the drain. Permanent structures may not be placed on any right-of-way without the written consent of the Whitley County Drainage Board. Temporary structures may be placed upon or over the right-of-way without the written consent of the Board, but shall be removed immediately by the owner when so ordered by the Board or by the County Surveyor. Crops grown on a right-of-way are at the risk of the owner, and, if necessary in the reconstruction or maintenance of the drain, may be damaged without liability on the part of the surveyor, the Board, or their representatives. No plantings, structures, fill, or other materials shall be placed in the Drainage Easements so as to impede the flow of storm water. Drainage Easements shall not be disturbed in a manner as to interfere with the flow of storm water and all grades shall be maintained as constructed. Responsibility for the maintenance of Drainage Easement stormwater facilities, including but not limited to periodic removal and disposal of accumulated particulate material and debris and moving of common stormwater detention areas, shall remain with the owner or owners of property within the plat, and such responsibility shall pass to any successive owner.

The removal of any obstructions located in any Utility Easement or Drainage Easement by an authorized person or persons performing maintenance or other work authorized herein shall in no way obligate the person in damages or to restore the obstruction to its original form.

No owner of any Lot or any other parcel within this Plat shall at any time remonstrate against or attempt to cause the cessation of any farming operation, whether now existing or existing in the near future which interferes with the residential use of the Lot or tract owned by the person or the tract owned by the person or persons remonstrating. Any person accepting title to a Lot or tract within this Plat, acknowledges that general agricultural areas exist adjacent to or near this Plat, and that activities on such agricultural areas may result in normal farm interference such as noise, odor, dust, agricultural implement traffic, unusual hours, and other normal agricultural uses.

In addition to the Lots, Rights-of-way, Easements, and Building Lines dedicated on the face of this plat, the property is also subject to additional "Protective Covenants and Restrictions" recorded together with this plat.

The foregoing covenants, or restrictions, are to run with the land and shall be binding on all parties and all persons claiming under them until January 1, 2044, at which time said covenants, or restrictions, shall be automatically renewed for successive periods of ten years unless annulled through the Plan Commission.
