Subject: RE: Street Light Contract
I think we're square now.

Thanks

Subject: Street Light Contract

Linda

Attached are the two street lighting contracts we have in force with the Whitley County Redevelopment Corp.

We have the 7 lights on County Line billed since July 3, 2002 and the 3 on 700 E since July 8, 2002.

The 2 lights on Business 30 were read in and out on successive dates due to software conversion problems but the contract was signed on November 3, 2003 and installed probably April of '04 and have not been billed since. We have read them in effective March 5, 2009 for \$60 facility charge and \$22.30 per light monthly. Indiana law allows billing errors to be reconciled back to one year or the known date of the error, whichever is shorter. ~~So we will back bill to March 5, 2008. The 15 year term that the contract is written for will begin March 5, 2008.~~

Call if any questions.

Sincerely,
Gene A. Donaghy
